LAKE BOAT CRASH IN FOG TAKES 20 LIVES

"SENATOR" IN COLLISION WITH THE "MARQUETTE"

REPORT THAT ONLY 3 OF "SENATOR'S" CREW OF 26 MEN WERE SAVED

MARQUETTE, BADLY DAMAGED, LIMPING TO PORT WASHINGTON UNDER POWER

Port Washington, Wis., Oct. 31.—(U.P.)—The steamer Senator sank 20 miles off shore here today after a collision in a fog with the steamer Marquette, radio messages from the latter ship said.

The messages said that only three of the Senator's crew of 26 had been saved. The Marquette, although damaged, was headed toward this port under its own power.

The collision occurred 20 miles east of Port Washington, which is half way between Milwaukee and Sheboygan.

A Sheboygan tug, which stood by after the collision, is believed to have rescued many and presumably the Marquette aided, as messages indicated it was not badly damaged.

Both boats belonged to the Cleveland Cliff Line.

The Milwaukee coast guard and commercial tugs from here were speeding toward the spot where the Senator sank to look for other survivors who may be bobbing in the waves in life belts. Lake Michigan was running high again today with a 40-mile gale predicted tonight and tomorrow.

First news of the collision came when the Marquette sent out an SOS shortly before noon which was received at several points along the west shore. The messages carried no details of the crash, other than to say it occurred in the heavy fog that has blanketed the lake for two days.

The steamer J. J. Sullivan, which received the message saying only three survivors had been picked up, was 60 miles from the scene when the SOS came through.

The Sullivan's captain radioed back asking if the Marquette was in any danger and received a reply that "the captain says no immediate danger."

"Our forepeak filled, but beginning to roll slightly; loaded with iron ore; ship and fishing tug standing by; have picked up two of Senator's crew."

"Whether the tug and ship standing by in the mountainous waves had been able to rescue any more members of the Senator's crew was problematical.

Later radio messages from the Marquette said the three picked up were Ralph Ellis, radio operator; Leonard Boass, watchman; and William F. Filbeck.

A third message at 12:05 P. M. said the Marquette was nearing Port Washington in bad condition but expected to make the harbor.

Milwaukee, Wis., Oct. 31.—A radio message from the steamer Marquette today said the steamer Senator had gone down in Lake Michigan with a probable loss of 30 lives after the two ships collided in the fog.

The message was received by radio station WHBL in Sheboygan and relayed here. All the Milwaukee coast guard and available ships steamed to the rescue.

The message also said the Marquette was making Port Washington, Wis., under its own power and would take survivors there.

Preparations were made at the Hoffman House in Port Washington to care for those rescued.

Details of the collision were not available in the first radio SOS messages that crackled out of the fog shortly before noon.

Will not have to serve for crime of his youth

ROBERT CARROLL, 31, ESCAPED FROM PENITENTIARY AND SETTLED IN TUCSON

GOVERNOR ASSURES TOWNSMEN HE WILL NOT GRANT EXTRADITION PAPERS

Tucson, Ariz., Oct. 31.—(U.P.)—Robert Carroll, 31, who, after escaping from the Michigan penitentiary, settled here and became a respected citizen, will not be returned to the eastern state to expiate crime committed in his youth.

Carroll, an ex-service man, has been a tailor here for 15 years. A week ago friends were astounded to learn he had been arrested as an escaped convict. Carroll admitted his real name was Harry Watson. He said he and a companion robbed a peddler of a few dollars at Newbury, Mich., 15 years ago. He was sentenced to prison, but escaped a year later.

Prominent Tucson citizens, including public officials and members of the American Legion, interceded in Carroll's behalf. They obtained telegraphic assurance from Gov. Green of Michigan that extradition papers would not be issued.

RACING AGAINST TIME TO SAVE LIFE OF ISLAND PRESIDENT

Havana, Cuba, Oct. 31.—(U.P.)—Racing against time to save the life of General Horacio Vazquez, president of the island republic of Santo Domingo, whose life depends on an immediate operation by specialists in the United States, the airplane bearing the stricken president was expected to arrive here from Santo Domingo late today.

President Vazquez will remain here overnight at the palace of President Gerardo Machado, leaving tomorrow morning in a chartered plane to complete the race to Johns Hopkins hospital at Baltimore, Md.

The president is understood to be gravely ill although the exact nature of the illness has not been divulged. Physicians advised that an immediate operation by specialists was the only hope for his life. It was said here he might be taken on to the Mayo clinic at Rochester, Minn.

BOMBS, POWDER WERE SOLD OVER GROCERY COUNTER

2 CHICAGO MEN ON TRIAL FOR SELLING "PINEAPPLES" FREELY

OLIVIERO AND JOSEPH CARRA NOW REPUDIATE THEIR CONFESSIONS

Chicago, Oct. 31.—"Seventy-five dollars worth of nice, fresh bombs, please."

"Do you want them wrapped or will you have them delivered?"

Such, according to alleged confessions read to a jury in criminal court here, were the transactions which took place across the counter of a grocery store owned by Carlo Oliviero.

Oliviero and Joseph Carra, his "wholesaler," are on trial charged with the sale and manufacture of "pineapples." Both have repudiated their confessions but these have been introduced in evidence by order of Judge Harry Lewis.

Dynamite, black powder, cotton fuses, lead pipe, caps and completed bombs were on store shelves behind the regular merchandise, according to the confessions.

Brisk trade started when Carra was induced to start making the bombs by Eter Fioriditta, gangster now in the penitentiary, the confessions stated.

Carra's confession said he sold "heavy" bombs which could do real damage at \$74 each and "scare" bombs at \$1,300 per hundred.

QUESTION OF WHAT STARTED LEAK IN SHIP UNSETTLED

FOUNDERING OF LAKE BOAT WISCONSIN IS BEING INVESTIGATED

PROBLEM OF HOW MANY PERSONS WERE LOST IS ALSO FAR FROM SOLUTION

Kenosha, Wis., Oct. 31.—(U.P.)—The questions of what started the leak that resulted in the sinking of the steamship Wisconsin Tuesday and of how many persons were lost still were unsettled today as two investigations into the disaster continued here.

A possibility that 16 lives were lost developed when Harvey Lyon, purser, testified late yesterday that he believed there were 75 persons aboard when the ship sailed. Of these, 55 were rescued, including four passengers. Nine bodies had been recovered.

Lyon, Edward Halvorsen, mate, and Arthur Behl, second mate, testified they believed Capt. Douglas H. Morrison, who stayed with the ship and was drowned, was justified in not trying to land when the leaks were first noticed. Like Morrison, they all believed the boat would hold together until help arrived.

The federal investigation was in charge of Capt. Fred Mano, Detroit, of the federal steamship inspection service. An independent investigation is being made by the Goodrich Transportation Company, owners of the ship.

President Hoover Urges Republican Leaders in Senate to Pass Tariff Bill in Two Weeks

TEXT OF HIS STATEMENT IS GIVEN IN FULL

"GRAVE SITUATION HAS ARISEN BY DELAYS IN TARIFF LEGISLATION"

"SENATE HAS HAD TARIFF BILL SINCE JUNE, WITH 15 SCHEDULES TO WORK ON"

Washington, Oct. 31.—(U.P.)—President Hoover issued a formal statement today declaring he had urged republican leaders in the senate to get together in an attempt to pass the tariff bill within two weeks.

The text of the White House statement follows:

"The president was visited yesterday by a number of senators, all of whom called at his own suggestion, and presented to him the grave situation that has arisen by delays in tariff legislation. They called attention to the fact that the senate has had the tariff bill since June, with 15 schedules to work out and has not yet completed schedule one. It was pointed out that a large amount of important legislation must be undertaken at the regular session which would be prevented by carrying the debate into the next session.

"Some of the senators considered progress hopeless as it appeared to them that the coalition intended to delay or defeat legislation, or did not intend to give adequate protection to industry. Others felt that some misunderstanding should be attempted among senate leaders by which the bill could be sent into conference with the house at an early date.

"The president said, as he has uniformly stated his position, that campaign promises should be carried out, by which adequate protection should be given agriculture and to the industries where the changes in economic situation demand their assistance. He stated that he could not believe, and, therefore, would not admit that the United States senate was unable to legislate and that the interests of the country requiring that legislation should be completed during the special session.

"The president has declined to interfere or to express any opinion on the details of rates or any compromise thereof, as it is obvious that, for no other reason, he could not pretend to have the necessary information in respect to many thousands of different commodities which such determination requires, but he pointed out that the wide differences of opinion and the length of the discussions in the senate were themselves ample demonstration of the desirability of a real ex libet clause in order that justice in rates could be promptly corrected by scientific and impartial investigation and put into action without such delays as the present discussions give proof.

"He urged the republican leaders to get together and see if they could not expedite the early completion of the schedules and thus send the bill to conference with the house within the next two weeks."

BANK OF GERMAN EMPLOYEES IN BERLIN IS CLOSED

Berlin, Oct. 31.—(U.P.)—The Bank of German Employees, which has twelve branches in Berlin, closed its doors today.

It was estimated that depositors, most of them civil servants would lose about 15,000,000 marks (\$3,500,000) in savings.

GUARDSMEN OPEN FIRE ON RUM RUNNER

NOTORIOUS ARMOR-PLATED UN-CAS, ON GREAT LAKES, IS TARGET

CRAFT WAS PROCEEDING WITH-OUT LIGHTS ON LAKE ERIE LAST NIGHT

Buffalo, Oct. 31.—(U.P.)—Two men were slightly wounded early today when coast guardsmen opened fire on the Uncas, claimed by coast guards to be the most notorious armor-plated rum runner on the Great Lakes, which was proceeding without lights on Lake Erie, it was announced today by Martin W. Rasmussen, district coast guard commander.

The ship was seized off Cattaraugus Creek, about two miles east of Silver Creek, N. Y.

He revealed that the Uncas escaped after a pitched battle with a cutter recently on Lake Ontario near Fort-Mile Point. About 600 shots were exchanged.

The Uncas, the commander said, has bullet-proof windows and is covered with armor with the exception of a small partition near the pilot house.

An examination of the 60-foot craft revealed no contraband aboard, Rasmussen said.

The wounded men who were taken to a hospital gave their names as John Smith of Detroit, and William Moore of Laurel, Mont. They suffered leg wounds when the rifle bullets fired by the coast guardsmen on the C. G. 8001 penetrated through a small wooden section of the craft not covered by armor.

Lloyd Deline of Lockport, N. Y., who escaped being hit, was arrested.

According to Rasmussen, the Uncas, now known on the lakes as the Butterfly, had unloaded a cargo of liquor somewhere along Cattaraugus Creek and was proceeding out into the lake when hailed by the coast guard cutter.

When it failed to halt after being chased for a mile, Rasmussen said, the boat was fired on. It was captured shortly after the opening volley.

from the senate within two weeks, republican senatorial leaders today offered terms of surrender to the independent-democratic coalition.

Acting Republican Floor Leader Wesley L. Jones of Washington announced they had conferred with representatives of the coalition and placed before them a proposition to accept most of their amendments to the pending tariff bill if offered in good faith.

SENATOR ROBINSON CRITICIZES HOOVER, MELLON, COOLIDGE

DEMOCRATIC FLOOR LEADER CHARGES THEY GAVE "UNDULY OPTIMISTIC STATEMENTS"

ASSERTS THAT CONTRIBUTED TO CREATION OF FRENZIED STOCK SPECULATION

Washington, Oct. 31.—(U.P.)—President Hoover, Secretary of the Treasury Mellon and former President Coolidge were criticized today by Senator Joseph T. Robinson, Arkansas, democratic floor leader, who in a statement declared by "unduly and repeated optimistic statements" they contributed to the creation of frenzied stock speculations.

The statement, issued through the democratic national committee, said: "The good faith of these gentlemen may not be impugned except in so far as their zeal is justly attributable to the desire for that partisan political advantage which is so often derived from real or fancied business conditions."

Robinson criticized the president and Mellon for not taking adequate steps to prevent the collapse which they should have known must follow the orgy of speculation stimulated by their utterances.

"It is hoped that in the future political authorities will refrain from fanning speculative enthusiasm into a flame," Robinson continued, "and then refusing to quench the flame before it has consumed so much of the wealth and destroyed so much of the happiness of the blameless and innocent people."

Robinson classified as "a belated effort to stabilize conditions" the radio address of Assistant Secretary of Commerce Klein Tuesday night. Klein said the industrial and commercial structure of the nation is sound.

"How pitiable would be the narrative if it could be fully told, of the thousands who have been plundered by a financial system of transactions which finds approval neither in economics nor in morals," Robinson said. "Happily the storm is receding but everywhere the financial sea reveals broken masts and fallen spars. Along the beach are stranded shattered and wasted cargoes."

"Will the scavengers of the financial sea feast and fatten upon the garbage and the refuse?"

Arthur Schunk Named Minneapolis Postmaster

Washington, Oct. 31.—(U.P.)—President Hoover today nominated Arthur J. Schunk to be postmaster at Minneapolis.

SENATOR SCHALL SEEKS PROBE OF POWER PLEA

Washington, Oct. 31.—(U.P.)—A resolution proposing to direct the senate interstate commerce committee to investigate the application of the Rocky Mountain Power company for federal power sites was introduced today by Senator Schall, republican, Minnesota.

SNATCHED FROM LAKE GRAVE

Safe on the shore which some of them thought they would never again tread, survivors of the ill-starred steamship Wisconsin huddled about the stove, grateful to the heroic coast guardsmen who rescued them. Among the rescued in this photo, made at Kenosha, are Louis Larson, Elmer Ross, Frank Miller, Fred Hoffman, Sanders Grant and Gilbert Hanson.

2 MORE CHICAGO GANGSTERS ARE 'PUT ON THE SPOT'

Chicago, Oct. 31.—(U.P.)—Two more Chicago gangsters have been "put on the spot."

Rocco Maggio, "king of the Sicilian extortionists," and Myles Cannaven, racketeer and ex-saloon-keeper, were dead of bullet wounds.

Maggio was in the grocery of his father-in-law, Joseph La Marca, when a customer entered, fired four shots and fled.

The shooting of Cannaven was less dramatic. As he and his wife entered their automobile to go to dinner a man stepped forward, shot the racketeer five times through the head and escaped.

EIGHT LAWYERS IN DEFENSE OF JUDGE HAMILTON

LAUNCH BRILLIANT ATTACK TO SHOW HE DID NOT KILL HIS SON-IN-LAW IN ANGER

ASSERT SHOOTING WAS AN ACT OF SELF-DEFENSE ON PART OF THE JURIST

Weatherford, Texas, Oct. 31.—(U.P.)—Eight of the most brilliant criminal attorneys in Texas today launched a tremendous attack by which they hoped to prove their noted client, Judge R. H. Hamilton, did not kill Tom Walton, Jr., his 21-year-old son-in-law, in anger, but in self-defense.

By the testimony of several witnesses and physicians the defense counsel attempted to convince the jury that Judge Hamilton was threatened by young Walton as he entered the barrister's suite of office to inform the judge that he had secretly married 17-year-old Theresa Hamilton.

The state rested its case suddenly late Wednesday after physicians testified that Walton had been shot four times in the back and the prosecution sought to show that Hamilton possessed a violent temper.

One of the witnesses called by the defense, the Rev. A. L. Aulick of Austin, brought about the most dramatic scene yet enacted before the eleven Texas plainsmen and the Weatherford bank cashier who are sitting in judgment on the case.

The Rev. Aulick told of knowing Hamilton when he was a teacher at Baylor University. District Attorney Thomerson asked whether the minister had heard Hamilton's temper was so violent he was forced to take the college post and temporarily abandon the practice of law.

The Rev. Aulick replied in the negative.

Thomerson paused a moment, then raised his voice to a shout:

"Isn't it a matter of common knowledge that this man Hamilton helped horsewhip Brann, the iconoclast?"

The mention of W. C. Brann, militant publisher of Waco 35 years ago, electrified the crowded room. Defense counsel were on their feet instantly shouting objections.

Judge J. E. Carter rapped for order, but the defense waived objections almost as suddenly as it had raised them and Defense Attorney Hood threw back at the district attorney that "We admit he whipped him."

The Rev. Aulick then was asked if he hadn't heard there would be a hanging if the mob, led by Hamilton, had not been stopped.

He said he had heard Hamilton led the mob but not that there was a threat of hanging.

The defense earlier had centered its attack on the self-defense plea, indicated for Hamilton by calling physicians and adducing testimony tending to show Walton was shot through the back. It was brought out that the judge had bought bullets for a revolver two days before the shooting, which occurred May 4.

Conflicting expert testimony by doctors who attended the boy during the 30 minutes before he died with four wounds in his body led Dr. J. H. Vaughn of Amarillo to declare he had offered \$1,000 to any doctor who could prove him wrong in his deduction that Walton was shot from behind.

The Texas judge sat straight and severe throughout the session. His wife sat near him, attentive to every detail of the trial in which the state is asking her husband's life.

The young widow sat with her sister, apparently recovered from the shock of the shooting which occurred three months after her secret marriage while she and Tom were Texas University students.

The mother of the slain youth has been a spectator to all the proceedings. She has not spoken half a dozen words to those about her. It was the mother who advised her son to take the marriage license to his father-in-law and attempt a reconciliation with the man who had opposed him since the time he was a friend of Theresa as a high school student.

HAD RUN AT A BREAKNECK SPEED FOR WEEK

WHEELS OF AMERICA'S FINANCIAL WORLD MOTIONLESS THIS MORNING

WEARY BROKERS AND CLERKS CATCH UP ON SLEEP LOST IN THE RUSH

By ELMER C. WALZER (United Press Financial Editor)

New York, Oct. 31.—After running at breakneck speed for the last week, the wheels of America's financial world remained motionless this morning while weary clerks and brokers made up for some of the sleep they had lost during the rush of liquidation which ended yesterday.

There was a distinctly better feeling throughout the financial district as preparations were made for opening the stock exchange for trading at noon. Elimination of the morning session today will be followed by closing of the exchange both tomorrow and Saturday.

After the hectic trading of Monday and Tuesday, the market recovered its poise and stability yesterday and active shares advanced as much as 35 points. The healthy urge of investors to buy at attractive price levels, the knowledge that the Rockefeller considered the recent violent declines as unwarranted, and indications that the public still had money to invest despite the thorough cleaning out of many small and large speculators, combined to create confidence.

With the recovery came a realization that stock market workers had been laboring under a terrific strain. Many of them had not shaved for three days. They could get only snatches of sleep and their only nourishment was sandwiches and coffee. The exchange governors decided a respite from active trading would give these men much needed rest and at the same time clear the accumulation of business.

Some of the traders needed pity more than anything else. With fortunes gone they could be only oneeekers henceforth. Millionaires checking up their balances found deficits had taken the place of huge paper profits.

But the gloom was not so heavy today. Lines of speculators eager to pay their margin calls formed early. Stops placed just under the market by cautious brokers in many cases were removed.

An attitude of greater leniency was seen in the handling of customers. No longer were the strong arm methods, employed when things were booming, used to handle the small traders. They were treated royally compared with their reception when prices kept soaring.

Brokers needed customers that still had some money. They have lost many hundreds of accounts in the cleaning out process that crippled the market and brought a wave of distress from coast to coast.

The margin section was not so busy today, but there were many small traders hovering about trying to get some good tips on the cheap shares.

Meantime the topic of the hour was the stock market. Men in every walk of life had losses.

Fear has been eliminated, although only after a shaking down of values never before witnessed. Thousands of stocks made new lows for the year. Losses exceeded \$85,000,000 before the most powerful banking support in the world could turn the tide.

Judging from the market yesterday and the good industrial prospects, observers were of the opinion that no further drastic break was in store.

New York, Oct. 31.—The stock market shot ahead today at a tremendous pace—carrying out the promise of the last three minutes yesterday for a bull market—and in the first half hour more than 2,000,000 shares were exchanged.

Prices were up from 1 to as high as 35 points in the first half hour of trading when great blocks of from 2,000 to 50,000 shares rolled out on the tickers.

Buying was as frenzied today as selling had been on last Thursday. Values came back with the vigor of the old bull market that Wall Street had declared dead a few days ago.

Sales in the first half hour totalled 2,432,100 shares, compared with more than 3,259,000,000 in the first half hour last Thursday.

Military Prevents Opening of the Polish Parliament

Warsaw, Oct. 31.—(U.P.)—Military forces prevented today the opening of the first session of parliament in seven months.

Ninety officers invaded the lobby of the parliament building at 4 p. m. and prevented the speaker from convening the session. It was not clear whether the action was a demonstration for Marshal Joseph Pilsudski or an attempted coup d'etat.

More people buy Sherwin-Williams paints and varnishes than any other brand—which is just another way of saying that they are the world's greatest paint values. Look over our Friday and Saturday Suggestions at friend-making prices. You'll find hundreds of others just as good at our store.

Friday & Saturday Suggestions

Save

by using the world's finest floor varnish

Your floors are subjected to the constant tramp, tramp, tramp of nailed heels—the sliding and scuffling of little feet—the moving of heavy furniture—spilled water.

A varnish must be a world's champion for punishment to stand up under this, month after month, and come back for more.

And that is what S-W Mar-Not Varnish is—a world's champion. It is made especially for use on floors. It has pigskin toughness to resist continuous grind. You may dent the wood but Mar-Not will still cling to its surface. Dries overnight with a rich, long wearing luster. Hot or cold water does not affect it.

Don't wait until floors look shabby. For best results varnish them now with Mar-Not.

VANDALS TEAR OFF HISTORIC MARKER

Bronze Tablet Wrenched From
Granite Monument in
Gregory Park

POLICE SEEKING OFFENDER

Boulder Was Dedicated to City by
Daughters of American
Revolution

Police officers, spurred on by heated sentiment of public spirited citizens of this city concentrated their efforts today to the arrest of the vandals who under cover of darkness stole the bronze tablet on the granite monument in Gregory Park, dedicated to the city of Brainerd on June 4, 1927 by the Daughters of the American Revolution.

Under orders of Mayor Frank E. Little who has offered his personal check of \$10 for reward for information leading to the arrest and conviction of the sneak thieves, Chief of Police Thomas J. Templeton is conducting a thorough investigation and has instructed police officers to make every effort to bring the guilty party or parties to court.

The Park Board members who point with pride to Gregory Park and honor the stone and marker as a token of public spiritness of The Lake Superior Puget Sound Land Company who donated the land to the city on September 4, 1871 for park purposes have offered an additional reward of \$10.

The theft of the marker was termed by officers of the Samuel Huntington Chapter of the D. A. R. here as "outrageous," "a black eye to the city of Brainerd," "the work of Bolsheviks."

The theft of the marker was discovered first by Charles D. McKay at noon today. Mrs. McKay reported that she noticed the marker in place yesterday afternoon, leaving the conclusion that the marker was stolen last night.

The monument was dedicated by the D. A. R. on Flag Day, June 14 at patriotic services. The monument was accepted in the name of the city by Mayor Frank E. Little.

Mrs. M. A. Bronson, regent of the D. A. R. told the Dispatch this afternoon that the marker was valued at \$75 and that if the stone was defaced by the culprits the cost to replace the marker and stone would surmount \$100. She expressed high indignation as well as did other members of the organization that anyone should do such an unpatriotic act.

The marker contained an inscription giving the history of the park pertaining to its donors and to J. Gregory Smith, first president of the Northern Pacific railway after whom the park was named.

Mrs. Bronson said that unless the

marker was located the D. A. R. would immediately start a subscription to raise sufficient funds to replace it. The monument was an unending

source of pride to the city and created much interest to the thousands of tourists who have visited the beautiful park.

The theory was advanced by police this afternoon that the marker was stolen for its value as a metal.

Pay Those Old Debts

HARVESTING is just about completed now; crops are being marketed and money should be moving a little more freely in Princeton than it has for the past six months. Thanksgiving will soon be here, and then Christmas, says the Princeton Union.

Now is the time to pay some of the old bills that have been hanging over for months. Why not give the merchant, the doctor or some neighbor that cheerfully has been extending you credit for several months a little happy surprise. Drop in and pay him those few dollars that you owe him. Four, six, eight or ten dollars is not much of a sum, but when multiplied by one hundred or two hundred, it is quite a considerable amount.

Most persons neglect their small obligations through carelessness, but it actually is just as dishonest for a person who is able to settle his accounts to leave a debt unpaid as it is to steal money.

Take a check on yourself; square yourself with the world and you will be surprised by the increase you will have in your own self-respect. It does a person an immense amount of good to be able to walk down the street looking every man in the eye with the knowledge that he owes no one.

Our Waterworks Bond Issue

TODAY the Water and Light Board paid off \$7,500, the last of bond issue promoted in 1908 to buy the old waterworks system which included the obsolete pump house on the river flats north of the city.

Next year the Board will pay \$7,500 principal on the \$300,000 bond issue which gave us the new waterworks system that has been functioning so well. That amount will be paid annually for five years in reduction of the bond principal.

For the next five years, as stated by the authority on bond payments, it is expected to pay \$12,500 annually on the principal and the payments will be increased to an extent so that principal and interest will always total about \$22,000 a year.

Adds to Mail Service

CONGRESSMAN HAROLD KNUTSON of our sixth district, ever alive to the importance of extending mail delivery service, has informed The Dispatch that the Mille Lacs route has been extended, effective November 1, to take in seven miles additional around Whitefish lake and will accommodate about 20 additional families.

The new territory named is appreciative of this boon. Extension of mail services in Brainerd territory means an extension of the trade area and benefits not alone the families who receive mail but all who reside in the area.

HALLOWE'EN in Anoka means more than a mere celebration accorded spooks and goblins. It has been made the occasion of the dedication of the new concrete bridge across the Mississippi. Every motorist knows where the bridge is located, as everybody has been driving slowly for over a year to get through the bottleneck leading to the old bidge, parallel to the new structure.

EVERYBODY used to take a tonic in the spring, but now it is only the pedestrians who have that run down feeling, says the Marshall News-Messenger.

MOST men wish to retain their sight until the styles change, says the Walker Pilot.

Red-Haired Girls Must Be Careful of

"Red-haired girls have to be more careful about their clothes than blondes or brunettes," says the auburn-headed Duane Thompson of Willard Mack's "The Voice of the City," a Cosmopolitan production for Metro-Goldwyn-Mayer, which will be shown at the Lyceum tonight and Friday.

"A red-head must stay rather closely to greens, blues and browns," says Miss Thompson. "If she looks long-

ingly at the light pastel shades, she must stick to these three colors. "I notice many red-haired girls who are taking a chance with the wonderful new shades of red which are now the vogue. Let me say to them—stay away from them. Not even the most unusual shade of red can make it a good color to go with auburn hair."

Justice Is Not Blind!

AN ANCIENT PREJUDICE
HAS BEEN REMOVED

Justice is no longer dispensed by ignorant and individual domination. Another ancient prejudice stands convicted by AMERICAN INTELLIGENCE which insists that a jury "twelve good men, tried and true" decide the facts.

"toasting did it" —

Gone is that ancient prejudice against cigarettes—Progress has been made. We removed the prejudice against cigarettes when we removed harmful corrosive ACRIDS (pungent irritants) from the tobaccos.

YEARS ago, when cigarettes were made without the aid of modern science, there originated that ancient prejudice against all cigarettes. That criticism is no longer justified. LUCKY STRIKE, the finest cigarette you ever smoked, made of the choicest tobacco, properly aged and skillfully blended—"It's Toasted."

"TOASTING," the most modern step in cigarette manufacture, removes from LUCKY STRIKE harmful irritants which are present in cigarettes manufactured in the old-fashioned way.

Everyone knows that heat purifies, and so "TOASTING"—LUCKY STRIKE'S extra secret process—removes harmful corrosive ACRIDS (pungent irritants) from LUCKIES which in the old-fashioned manufacture of cigarettes cause throat irritation and coughing. Thus "TOASTING" has destroyed that ancient prejudice against cigarette smoking by men and by women.

"It's toasted"

No Throat Irritation—No Cough.

"It's Toasted"—the phrase that describes the extra "toasting" process applied in the manufacture of Lucky Strike Cigarettes. The finest tobaccos—the Cream of the Crop—are scientifically subjected to penetrating heat at minimum, 260°—maximum, 300°, Fahrenheit. The exact, expert regulation of such high temperatures removes impurities. More than a slogan, "It's Toasted" is recognized by millions as the most modern step in cigarette manufacture.

MINNESOTA GOPHER HERD IS READY TO TAKE ON INDIANA

ARMY, NAVY FAR APART IN ATHLETIC RELATIONS

HAVE 2 DAYS OF DEFENSE DRILL IN FIELD HOUSE

DR. C. W. SPEARS ANNOUNCES TEAM FIT FOR SATURDAY CONTEST

MINNESOTANS DRILLED TO COPE WITH PASSING ATTACK OF VISITORS

Minneapolis, Oct. 31.—(U.P.)—After two days of defense drill that rain and snow forced into the field house, Dr. C. W. Spears today announced his Minnesota football team as ready for the clash with Indiana in Memorial Stadium Saturday.

Lack of scrimmage and the confinement of the field house furnished the reasons for any possible gloom on the Minnesota campus since outside drill during the week has been limited to two half hour periods.

The Minnesota squad in its periods session went through a long defense drill against the involved passing attack the Hoosiers displayed in early season games. Execution of the Indiana plays was entrusted to the Freshmen squad.

But one minor change will be made in the Minnesota line-up for the Indiana game, the Gopher coaching staff indicated. That shift boosts Russell Leksell to the position of chief understudy to Bronko Nagurski at fullback.

Against Northwestern and Coe, Leksell showed an ability at blocking and breaking up pass plays that may be used to good advantage against the Hoosiers.

Fred W. Leuhring, Minnesota athletic director, announced today that the first football game in Memorial stadium under floodlights may also be played Saturday when the Gopher B team meets the Notre Dame aggregation after the headliner.

"GABBY" STREET TO MANAGE CARDS

EXPECTED TO ARRIVE IN ST. LOUIS TODAY TO SIGN UP CONTRACT

St. Louis, Mo., Oct. 31.—Charles "Gabby" Street, peppery coach of the St. Louis Cardinals, appointed manager of the club for the 1930 season, was expected to arrive in St. Louis today to sign a contract.

Sam Breadon, president of the Cardinals, announced last night that Street had been appointed after long distance telephone conversation with the new manager in Joplin, Mo.

"I firmly believe I have named the right man to lead the Cardinals next year," Breadon said. "I watched his work very closely last season after being impressed by his fine spirit as coach under Bill Southworth."

Street was elated when informed of his appointment and stated that with a little reconstruction the Red Birds would be in the thick of the pennant scramble next season.

SNOW, FOG AND BLUSTERING WINDS RULE NORTHWEST

WREAK HAVOC WITH HIGHWAYS AND DISRUPT AIRPLANE SERVICE

WARM RAINS OF THURSDAY MELT WHATEVER SNOW COVERING THERE IS

St. Paul, Oct. 31.—(U.P.)—Snow, fog and blustering winds will continue to wreak havoc with northwest highways and disrupt airplane passenger and mail service tonight and Friday, the United Press weather bureau here predicted today.

Despite the adverse weather forecast, service was resumed today on airplane lines from the Twin Cities to Chicago, Winnipeg and Des Moines. All schedules on the three lines was abandoned Wednesday because of bad weather and poor visibility.

Warm rains Thursday melted the covering of snow and in many sections left gravel and dirt roads in poor condition, heavy rains continued to soak the highways today.

Continued low temperatures with probably snow for most sections of Minnesota was the forecast for tonight and Friday. The flying forecast from here to Chicago was "rains, low ceiling, winds and poor visibility."

NO EQUALITY FOR BASKETBALL GIRL TEAMS

Minneapolis, Oct. 31.—(U.P.)—They may recognize equality in dress in some cities, but the Minneapolis park board won't have it on girl basketball teams.

Boy's trunks for girl wear are strictly banned on all civic courts, it was announced today, and it is understood blouses must have short sleeves and be cut sufficiently high "to agree at all times with modesty and propriety."

The girl players must wear trunks with either elastic bands or inside cuffs.

LIONS WIN THREE FROM E. M. B. A.

TOWN PUMP DEFEATS MOOSE IN TWO GAMES; ALDERMAN IS HIGH MAN WITH 547

The Town Pump won two games from the Moose, the first game being close with 21 pins difference, at Block's Alleys last night. Brandow with 520 and Spilman with 511, rolled the 500 counts. In the other match the Lions won three games from the E. M. B. A. There was stiff competition throughout the matches, the second game being won by 3 pins. Alderman, with 547, was high man for the evening. Dr. Erickson, with 506, had the only other 500 count.

Tonight is Ladies' Night, the opening games to be rolled in the Ladies' League at 7:30. The Princess Candy Kids will meet the Service News and the Cottage Grill will meet the Northern States Power Co. Two other teams, possibly four, will roll second shift.

CANZONERI FINDS LOAYZA A HARD NUT

CHILEAN LIGHTWEIGHT PUTS UP A VERY GOOD DEFENSE AGAINST NEW YORKER

GREAT FIGHT HAS SPECTATORS ON THEIR FEET ON MANY OCCASIONS

Chicago, Oct. 31.—(U.P.)—Tony Canzoneri, lithe little New York Italian who likes to give it and take it in the ring and doesn't find many men who can take what he gives, ran into one of the exceptions last night and was forced to be content with a 10-round decision over Stan Loayza, the Chilean lightweight.

It was a great fight, a fight which had the crowd on its feet many times and was close enough to cause considerable booing of the decision.

Canzoneri appeared to have taken five rounds, however, while Loayza got only two. Those three even rounds produced some of the most thrilling toe to toe slugging Chicago has seen in years.

The show was Jack Dempsey's second Chicago promotional effort and drew slightly more than \$30,000 paid in by approximately 8,000 persons.

BREAK OF TWO YEARS AGO IS NOT PATCHED UP

3-YEAR-ELIGIBILITY RULE ASKED BY NAVY NOT ADOPTED BY WEST POINT

ARGUMENT OF FORMER DAYS IS NO NEARER SOLUTION TODAY

By WILLIAM J. DUNN
(United Press Staff Correspondent)

Washington, Oct. 31.—The Army and Navy are no nearer resumption of athletic relations today than two years ago when Annapolis authorities refused to play the annual football game with West Point because the military academy would not adopt a three-year eligibility rule.

This became evident after a fruitless conference between superintend-

ents of the service schools in the office of General John J. Pershing yesterday.

Before the annual Army-Navy game can be resumed one of the two schools must accede to the demands of the other. Yesterday's conference proved that neither is willing to make any major concessions.

Navy, represented by Rear Admiral S. S. Robinson, superintendent of Annapolis, made the only offers of compromise. Major General William R. Smith, superintendent at West Point, refused to consider these, indicating nothing short of unconditional surrender would interest the Army.

Admiral Robinson first suggested that West Point limit its players to four years of football, including time on outside college teams; then followed with the proposal that Army adopt gradually the three-year rule over a period of four years. Finally he proposed that Army limit its men to two years of intercollegiate competition outside the Academy, in which case Navy would consent to their playing two years more on West Point teams.

General Smith reiterated his belief that any student proficient in his

studies should be eligible to represent his school in any branch of sport.

Secretary of War Good upheld Smith's stand in a statement after the conference declaring Army stood for the principle of absolute equality between students, and indicating his belief that banning good students from the athletic fields would violate that principle.

Secretary of Navy Adams placed the blame for the failure of the conference, by indirection, upon General Smith, terming the difference of opinion "an honest one," but pointing out that Smith "refused to make any compromise offers." He expects both Smith and Robinson to "yield to some extent," however.

Public opinion, asking for renewal of the series, was climaxed three weeks ago when President Hoover expressed his hope that the differences would be mended and the games continued.

Rep. Nolan Attends Truck Owners Meet at St. Paul

St. Paul, Oct. 31.—(U.P.)—Rep. W. I. Nolan, congressman from the fifth Minnesota district, arrived here today from Washington to attend the annual convention of the Minnesota Truck Owners association.

Rep. Nolan was scheduled to address the truck owners tonight at a banquet which concludes the convention.

ARREST FARMER ON CHARGE OF TORTURING NEIGHBORS FOR MONEY

Minot, N. D., Oct. 31.—(U.P.)—County authorities announced today they had arrested Ben Streifel, a farmer, on charges of torturing Joseph and George Krimm, his neighbors, until they revealed the hiding place of their life savings.

Streifel was said to have been implicated in the robbery and torture by Clifford Johnson and Terry Jerome, two other neighbors already charged with the crime.

Announcing THE NEW Hi-test TYDOL

EMERALD GREEN IN COLOR FOR YOUR PROTECTION

a high-test, super-power gasoline AT NO EXTRA COST

At the price you pay for ordinary gasoline... *Hi-test TYDOL gives you the liveliness and the extra power which usually cost you a price penalty on every gallon.*

You pay an extra price per gallon for high-test fuels that give instant starting and roaring acceleration... *But not for Hi-test TYDOL.*

You pay an excess charge for super-power fuels... *But not for Hi-test TYDOL.*

For now comes *Hi-test TYDOL* rolling together these high grade qualities into a single unit... at no extra price. Liveliness. Instant

starting. Extra power... A climax to 50 years of experience. A product that tops the field by combining high priced advantages at no extra cost to you.

Stop at the nearest TYDOL pump and sample the quality of the *New Hi-test TYDOL*... a pure, distilled gasoline, refined to new high levels of all-around performance to make this the snappiest year your motor ever knew.

Over Fifty Years of Pioneering and Achievement

The original Tide Water Company was organized in 1878. It is among the oldest in the industry. It laid the first pipe line across the Allegheny Mountains. It carried the first pipe line to Atlantic tide water. Always it has pioneered... in producing, in refining, in selling. And so prudent, so far-seeing has been its direction that Tide Water today stands as one of the most powerful and successful oil companies in the entire world.

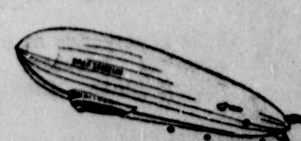

Tide Water owns or controls its own sources of supply. Its equipment is of the finest and most advanced type. It operates a great fleet of tank steamers. Its distribution is world wide. And the continued increase in volume of retail sales indicates the growing preference of the motoring public for Tide Water's featured products... Veedol Motor Oil and Tydol Gasoline.

Last Fall, Tide Water introduced *Hi-test TYDOL* in the East. Almost overnight it became the leader of non-premium gasolines... the greatest success in gasoline history. Now, from its Middle Western Refineries, Tide Water is able to supply a superior gasoline to motorists in this territory.

THE BYRD EXPEDITION USES VEEDOL MOTOR OIL.

SO DOES THE GRAF ZEPPELIN.

SO SHOULD YOU.

McFERRAN CHARGED WITH MANSLAUGHTER

Municipal Court Moves to Hospital
Room for Arraignment of
Death Car Driver

HELD TO DISTRICT COURT

Condition of Defendant Will Determine
Day of Arraignment in
District Court

Dwight "Mickey" McFerran, driver of the automobile in the Ash avenue accident October 16 when Lucille Preston a 16 year old high school student was killed and two others injured was held to district court this morning on the charge of second degree manslaughter.

Municipal court moved to the St. Joseph's hospital to conduct McFerran's arraignment. McFerran has been in the hospital since the accident. He waived examination from a hospital cot and Judge J. H. Warner ordered him held to the district court.

McFerran's appearance in district court will be determined upon his condition.

M. E. Ryan of the firm of Ryan, Ryan, and Ryan, appeared for McFerran today. The state's case will be conducted by County Attorney Arthur J. Sullivan.

Frank "Bun" Kaufman who may be called as a witness by the state is at present in the N. P. B. A. hospital, St. Paul. His total recovery will be slow due to the serious condition of his leg which was fractured. As an occupant of the McFerran car he will be asked to testify as to the speed the car was travelling.

W. C. T. U. TO MEET ON FRIDAY, NOV. 1

At Home of Mrs. Helen Grondin, 613
South Fourth Street,
at 2:30 P. M.

Mesdames Jennie Gustafson, Mary
Fallquist and Fern Foote
Assisting Hostess

The W. C. T. U. will meet Friday afternoon at the home of Mrs. Helen Grondin, 613 South Fourth street, beginning at 2:30 sharp. Mrs. Jennie Gustafson, Mrs. Mary Fallquist, Mrs. Fern Foote, will be assisting hostesses. The following program will be given:

Opening song—America the Beautiful.

Scripture reading, Luke 10:1, 20—

Mrs. Martha Erickson.

Prayer—Mrs. Mary Fallquist.

Repeating of pledge and salute to flag.

Roll call with quotation from address of Mrs. Sizer, state president.

Reading, Through the Eyes of a

Prohibition Inspector by Annie Crook

—Mrs. Elizabeth Zander.

Review of an address given by Miss

Maude Aldrich, National W. C. T. U.

Secretary of Motion pictures—Mrs.

Maude Kufus.

Report from District Institute at

Sauk Rapids—Mrs. Helen Grondin and

Mrs. Olive Leitner.

Mrs. Sizer in her address recently,

quoted the following from Henry Ford:

"Prohibition began at home with the

women who wanted better home conditions.

They will be the chief sufferers on any return of the liquor

traffic to the U. S., and if they uphold the law in their homes we need bother very little about the other places where the law is violated," and further, "For myself if booze ever comes back to the U. S. I am through with manufacturing. I would not bother with the problems of handling over 200,000 men and try to pay them wages which the saloons would take away from them. I would not be interested in putting automobiles into the hands of a generation soggy with drink." In concluding, Mrs. Sizer says, "Surely my dear hearers we will give prohibition its chance."

Several items of importance will be

considered at the business session, and a full membership is requested to be present. Visitors are also welcome.

Birthday Surprise Party

Mrs. Mary E. Phelps was pleasantly surprised on her 79th birthday October 30 by the arrival of relatives from Clam Falls, Wis.

The party consisted of her daughter, Mrs. D. Mack, two granddaughters, Mrs. J. Ackland and Mrs. John Harstedt, also two great grandsons, Randolph Ackland and Stuart Harstedt. They left this morning for their homes at Clam Falls.

MODERN WOODMEN RALLY FRIDAY

Held at Local Camp to Discuss
Absorbing Rate
Question

A special Modern Woodmen rally will be held Friday evening at the Odd Fellows hall beginning at 8 o'clock, to discuss the rate question.

An outside speaker from the Twin

Cities will be present to give an address on the rate question, and the meeting will be in the form of a rally booster meeting.

A large gathering is expected to attend, as there will be members from the Little Falls, Staples, Pillager, Pine River, Jenkins, Crosby, Ironton, Deerpark and Aitkin lodges present.

Club Postpones Meet

The Junior Hi-Y will not meet this evening on account of Halloween. The club will hold its supper meeting next Thursday at 6 p. m.

VALUE ADVERTISING IN NEWSPAPERS

American Tobacco Company is Grati-
fied With Success Achieved
in That Medium

Things are going well with the American Tobacco Company. In a message received by the Dispatch today from L. Ames Brown, president of Lord & Thomas and Logan of New York, he is gratified to advise that the directors of the American Tobacco Company, because of the enormous sales growth of Lucky Strike cigarettes today voted an extra cash dividend of \$2 on each share of common stock. This is in addition to the regular quarterly dividend of \$2 also voted to day.

"The ability to announce this definite forward step without question registers an emphatic achievement for American newspaper advertising in which you will appreciate the American Tobacco Company are demonstrating and have always demonstrated their confidence."

ROAD CONDITIONS ARE FAIRLY GOOD

Good weather during the past week has made possible a further improvement in road conditions throughout Minnesota, and according to the weekly road report issued by the State Highway department today, the trunk highways are in as good shape for travel as they have been any time this season.

The new grade on T. H. No. 3 between Osakis and Alexandria has been completed and open to travel. It is reported good.
Reshaping on No. 6 between Ortoville and Graceville has been completed and this highway is now good all the way from the Iowa line to the Canadian border.
Widening of the bridge at Knife River has been completed and the last short detour will be removed Saturday.

RELIEF FROM CURSE OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store, Johnson's Pharmacy and Economy Drug Company.
